CLASSIFICATION OF ARTHROPOD

DR. S. M. KUMBAR
Associate Professor
ACS College Palus

General Characteristics and Classification of Arthropoda

- Arthropoda (Arthon- Jointed; podos- legs)
- Arthropoda, animals having jointed appendages or legs.
- It is a phylum of triploblastic, haemocoelomic, segmented invertebrates having head, thorax and abdomen, a chitinous exoskeleton and jointed legs and appendages.
- Most successful phylum on the Earth that has ever existed.
- Arthropods were first studied by Aristotle.
- Von Siebold coined the term Arthropoda.

Classification of Phylum Arthropoda

General Characteristics of Arthropoda

- Cosmopolitan in distribution found in aquatic, terrestrial and aerial forms. Some are ectoparasitic and vectors of disease.
- Body have jointed appendages or legs (which are modified to different structures to perform different functions like jaws, gills, walking legs, paddle).
- There may be 3 pairs, 4 pairs, 5 pairs, many pairs.
- Body is triploblastic.
- Bilaterally symmetrical.
- Organ system level of organization.

General Characteristics of Arthropoda

- Body is divisible into head, thorax and abdomen.
- NOTE: In some (crustacean and arachnida) body is divisible into cephalothorax (head and thorax is fused) and abdomen.
- This is the first group to develop a true head, which contains sense organs and feeding organs specialized for their particular habitats.
- Body is covered with chitinous exoskeleton.
- They are haemocoelomata. Coelom i.e. body cavity is filled with blood or fluid.
- Head bears a pair of compound eyes and antenna.
- Locomotion takes place by jointed appendages.

General Characteristics of Arthropoda

- Digestive system is complete, straight and well developed. The mouth bears mouth parts for ingestion of foods.
- Mouths are modified for chewing, biting, sponging, piercing, siphoning
- Respiration takes place by general body surface or gills (in Crustaceans) or trachea (in insects, diplopoda and chilopoda) or booklungs (Arachnida) and book gills (in king cobra).
- Circulatory system is of open type i.e. do not have blood vessels and enters directly into the body chambers.
- The blood is colorless.
- Excretion takes place through Malpighian tubules (in terrestrial form) or green glands or coel glands (in aquatic forms).
- NOTE: Aquatic forms are ammonotelic, terrestrial forms are uricotelic.

General Characteristics of Arthropoda

- Nervous system is of annelidian type, which consists of brain and ventral nerve cord.
- Unisexual i.e. sexes are separate.
- Fertilization is internal or external.
- They are either oviparous or ovoviviparous.
- Development may be direct or indirect.
- Sensory organ include antennae, sensory hairs for touch and chemoreceptor, simple and compound eyes, auditory organs (in insects) and statocysts (in crustacean).

Phylum Arthropoda

Reproduction (Example: crustacean, myriapoda, insectivora)

- Class Crustacea (Water, grass, barnacles, etc.)
- Class Diplopoda (millipedes)
- Class Chilopoda (centipedes)
- Class Insecta (Insects)
- Class Arachnida (Spiders, ticks, mites, etc.)
- Class Myriapoda (ants, a genus of termites, etc.)

Conference Brochure

INVITATION

We cordially invite you to participate in **ONE DAY INTERNATIONAL MULTI-DISCIPLINARY CONFERENCE** on **'Reflection of Human Values through Humanities, Commerce, Science and Technology'** being organized by INTERNAL QUALITY ASSURANCE CELL (IQAC) on 21st March 2020

INSTITUTION

The great glorious land flourished by the blessings of Saint Dhondiraj Maharaj and the great Indian Maestro Pandit Vishnu Digamber Paluskar, where in 1958, Palus Shikshan Prasarak Mandal is founded by the great visionary, Shri S.K. Patil and his companions of progressive nature with a motto **Tamso Ma Jyotirgamaya**. The institute runs various courses from KG to PG level along with technical and professional courses.

ABOUT ISKCON

The International Society for Krishna Consciousness is founded by Swami Prabhupada in New York city in 1966. ISKCON includes five hundred major centers, temples and rural communities, nearly one hundred affiliated vegetarian restaurants, thousands of local meeting groups, a wide variety of community projects and millions of congregational members worldwide. ISKCON belongs to monotheistic tradition within the vedic culture which teaches that the ultimate goal for living beings is to reawaken their love for god.

ABOUT COLLEGE

The college is established on 21st August, 1992 for providing higher education to the economically backward students in the rural areas. It is continuously striving for the excellence in higher education and encouraging students for outstanding performance. The college offers a wide range of conventional programme options in BA., B.Com., B.Sc. alongwith the self-supported professional courses like BBA, BCA and BCS. During the last five years, the college has started PG courses like M.Sc. (Computer Science) and M.A. (Eng.) and 07 Skill based career oriented courses. The college is well recognized in rural area not only for academic results but also in various fields like sports, cultural, research and extension activities. **It is a matter of great privilege to say that our college has been selected by Govt. of India among the top 20 best colleges out of 4896 in the country in implementing digital financial literacy campaign as a part of the Vittiya Saksharata Abhiyan (VISAKA).**

ABOUT PALUS

Palus, a tahsil place, is well known by Saint Dhondiraj Maharaj and the great Indian Maestro Pandit Vishnu Digamber Paluskar. There are many sightseeing places like Shri Dattia Temple at Audambar, Sagreshwar : Man-made Wild Life Sanctuary, MNC Kirloskar Brothers Limited, Kirloskarwadi. Palus is well connected by Bus from Sangli to Karad state highway, and located at 35 Km. from Sangli and 40 from Karad, also well connected with Indian Railway 5 Km. away from Kirloskarwadi Station.

ABOUT CONFERENCE

We encounter several circumstances everyday which test our patience, character and peace of mind. We have to take tough decisions each day. What guide us in these circumstances are our values. Our values serve as markers to tell if life is heading in the right direction. When our actions and words are aligned with our values, life feels good and we feel content, confident and satisfied. Human values are the principles of judging worth. They are essential for the positive behaviour and actions. Life is nothing without human values. Today, the whole breadth of the education system focuses on imparting intellectual knowledge for gaining high percentages in the academic performances through a competitive approach. This imposes a great burden on students as the curriculum is usually not connected to students personal and social environment and does not empower them for their real life. It is an alarming situation, therefore, inculcation of human values is need of the hours.

SUB-THEMES OF CONFERENCE

- Reflection of Human Values through Poetry, Drama, Novel and Short Story (Marathi, Hindi, English)
- Impact of Globalization on Human Values.
- Human Sensibility and Approaches.
- Gender Equity and Human Values.
- Need of Human Values in Indian Society and Family.
- Soft Skills and Human Values.
- Role of IT in Human Resource Management.
- Role of Teachers in inculcating Values.
- Social Science and Human Values.
- Human Values and Professional Ethics.
- Science, Technology and Human Values.
- Great Historical personalities and Human Values.
- Cooperative Movements and Human Values.
- Human Values in Culture and Environment.
- Human Values from an Economic, Social, Educational and Environmental Perspectives.
- Any other related to the theme of conference.

GUIDELINES FOR PAPERS

The paper should be original work and should not have published elsewhere. It should be submitted in hard and soft copy before 11th March 2020 in Microsoft Word 2007 format. The font size should be 12 with 1.5 line spacing in Times New Roman Font for English and for Marathi and Hindi font names APS-DV-Priyanka or DVB-TTSurekh (ISM, Kruti Dev 010). The soft copy should be sent on the following E-Mails.

acspalusiqac@gmail.com / drmpati1970@gmail.com

REGISTRATION

All delegates are required to register their names by filling the enclosed Registration form. Registration fee should be deposited on the following:

राज्यस्तरीय संशोधन स्पर्धेत अक्षता दलवाईचे यश

लोकमत न्यूज नेटवर्क

पलूस : पलूस शिक्षण प्रसारक मंडळाच्या कला, वाणिज्य व विज्ञान महाविद्यालयाची व्यवसाय अभ्यासक्रमाकडील विद्यार्थिनी अक्षता रामचंद्र दलवाई हिने राज्यस्तरीय संशोधन स्पर्धेत प्रथम क्रमांक पटकावला.

मुंबई येथे पार पडलेल्या राज्यस्तरीय स्पर्धेत पंचवीस विद्यापीठांमधील विद्यार्थी सहभागी

झाले होते. यामध्ये अक्षताने इंजिनिअरिंग आणि टेक्नॉलॉजी विभागात 'ऊस पिकाचे पाचट काढण्याचे स्वयंचलित यंत्र निर्मिती' हा प्रकल्प सादर केला होता. अक्षताने ट्रॅक्टरवर यंत्र बसवून प्रात्यक्षिक करून दाखविले. कृषी क्षेत्रात हा नवीनच प्रयोग असल्याचे परीक्षकांच्या लक्षात आल्यानंतर हे संशोधन कौतुकास्पद ठरले. त्यामुळे तिला तीन वर्षे संशोधन स्कॉलरशिप मिळणार आहे. यापूर्वी विद्यापीठ स्तरावर तिच्या या प्रकल्पास प्रथम क्रमांक मिळाला होता.

तिला प्रा. एस. एम. कुंभार, प्रा. आसावरी माने यांचे मार्गदर्शन लाभले. संस्थेचे संस्थापक-अध्यक्ष एस. के. पाटील, रामचंद्र पाटील, आशाताई पाटील, प्रकाश पुदाले, विलास पाटील, धोंडिराम शिंदे, डॉ. आर. एस. साळुंखे यांनी अभिनंदन केले.
